BEST INSULATIONS FOR ATTICS

OKAY: FIBERGLASS BATTS

- most affordable option upfront
- sags and gaps over time

GOOD: BLOWN-IN FIBERGLASS

- better coverage than batts
- settles over time

BETTER: BLOWN-IN CELLULOSE

- better performance than fiberglass
- should be paired with an airtight seal

BEST: SPRAY FOAM INSULATION

- versatile, does not settle over time
- the most expensive option
