CAN YOU DIY CRAWL SPACE ENCAPSULATION?

DIY ENCAPSULATION IS POSSIBLE.

DIY encapsulation should only be attempted by homeowners who have:

1. Home improvement experience
2. Correct tools and materials
3. Enough time to invest

Expect to spend a minimum of \$3,000 on materials.

There are risks to DIY encapsulation:

- No insurance
- Lack of maneuverability
- Potential for mistakes

It may be worth hiring a professional.
