at a glance

DOES BLOWN-IN INSULATION QUALIFY FOR A TAX CREDIT?

The federal government is offering a tax credit for home energy upgrades through 2032.

INSULATIONS THAT QUALIFY

- Batt
- Blanket
- Foam board
- Spray foam
- Pour foam

Save 30% of project cost, up to $1,200.

A total project cost of $4,000 will maximize savings on this credit.

Whether you work with a tax professional or file your taxes yourself, you'll need Form 5696.
