at a glance

HOW MUCH DOES ATTIC SPRAY FOAM COST?

In Climate Zone 5, open cell and closed cell are options for attics.

- Closed cell: $1.15 - $1.75 per board foot
- Open cell: $0.25 - $0.75 per board foot

HOW TO FIND BOARD FEET

Multiply square footage by the necessary depth of insulation.

- Closed cell: 3 to 6 inches
- Open cell: 7 to 12 inches

Find your project's board feet and apply the board foot rate.

Do not mix and match. Choose open cell *or* closed cell for your estimate.
