

at a glance

HOW MUCH DOES RIM JOIST SPRAY FOAM INSULATION COST?

IN A TYPICAL HOME IN SOUTHERN PA,

Spray foam insulation in basement rim joists costs between \$1,300 and \$3,000.

WHAT IMPACTS THE PRICE?

- Accessibility
- Travel time

If the rim joists are harder to access, spray foam will be more expensive.

If your home is far from the business, spray foam installers are likely to charge more for rim joist insulation just to cover the fixed costs of operating the rig.
