

# at a glance

IS TWO INCHES OF CLOSED CELL SPRAY FOAM INSULATION ENOUGH?

**THE RIGHT AMOUNT OF INSULATION DEPENDS ON SEVERAL VARIABLES.**

- Climate zone
- Usage of space
  - Do you want lower energy costs?
  - Do you want improved comfort?

**IN SOME APPLICATIONS, TWO INCHES OF CLOSED CELL SPRAY FOAM ISN'T ENOUGH.**

Often enough for:

- basements
- crawl spaces
- exterior walls
- metal buildings

Not enough for:

- Attics
