## IS CRAWL SPACE ENCAPSULATION WORTH IT?

### **BENEFITS OF ENCAPSULATION**

- Better indoor air quality
- Lower energy bills
- Pest control support
- Increased home value
- Increased home comfort
- Better crawl space accessibility
- Conditioned space for plumbing

### **ENCAPSULATION ALTERNATIVES**

If you don't want to encapsulate, you could insulate your crawl space ceiling. However, ceiling insulation does not improve accessibility or the overall quality of the crawl space.
