WHAT IS A HOME ENERGY AUDIT?

Certified professionals conduct audits to identify areas of energy waste and to recommend changes.

TYPES OF AUDITS

- Walk-through audit (\$150 - \$200)
- Blower door audit (\$300 - \$600)
- In-depth audit (\$650 - \$900)

Qualified auditors are should have either a BPI or RESNET certification.

Auditors should check:

- Insulation and HVAC system
- Doors and windows
- Appliances and lighting
