

CRAWL SPACE ENCAPSULATION ESTIMATE WORKSHEET

Calculate the square footage of the crawl space floor.

Crawl space floor length: _____ ft

Crawl space floor width: _____ ft

length x width = total square footage

_____ x _____ = _____

total square footage of crawl space: _____ sq ft

\$4 x _____ = \$ _____
rate square footage

LOWEST
COST

AVERAGE
COST

\$6 x _____ = \$ _____
rate square footage

\$8 x _____ = \$ _____
rate square footage

HIGHEST
COST

My Crawl Space Encapsulation Estimate: \$ _____
